

DRILL PIPE

DRILL PIPE

We are conscious of your drill pipe needs and because of that we have our drill pipe manufacture division in Colorado, USA.

Our drill pipes have the advantage of being able to recut the DI-22 threads when necessary, giving them a more useful life. With the same purpose, our 8 1/4", 10 1/4" & 11 1/2" drill pipes have more shoulder area between connections comparing with conventional ones.

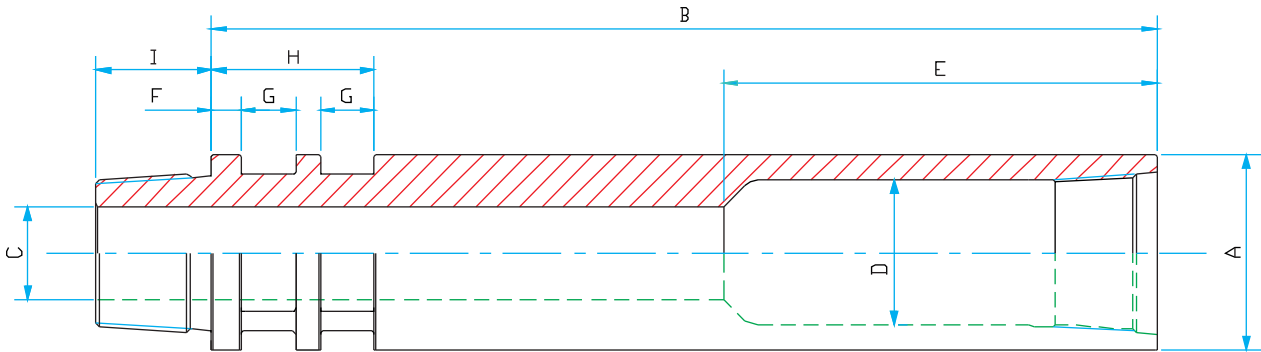

MAIN SPECIFICATIONS	
Drill Pipe Size <i>Nominal Diameter x Nominal Length (*)</i>	8 1/4" x 4'
	10 1/4" x 5'
	11 1/2" x 5'
	12 7/8" x 5'
Material (**)	AISI 4330 Mod.
	AISI 4145 H
Heat Treatment	Quench & Temper

(*) *Nominal length does not include DI-22 thread length. The nominal diameter is the drill pipe outside diameter.*

(**) *AISI 4330 Mod. & AISI 4145 H steels are for high & standard designs respectively.*
